

## Head of Lending - Financial Services Organisation

£80 - £100k + benefits

South East, UK

Our client is a successful, innovative and very ambitious building society whose year on year growth and profitability has created an opportunity for a highly professional Head of Lending.

A pivotal role in the Society's growth plans it represents a great career opportunity for anyone willing and capable of combining strategic thinking with hands on operational delivery of lending operations in a company with over £2 billion of assets.

Reporting to the COO you will have extensive interaction with a highly rated and motivated Executive Board that has overseen impressive developments and growth within the business.

Be very clear that your skills must span arrears management, product development, credit risk, managing regulatory issues, looking after customers, contributing to business planning, underwriting loans and taking your turn at making the tea in a meritocracy.

### Must Have

- Considerable lending experience – no less than 7 years in a bank, building society or other financial institution;
- Strategic and operational capabilities within the mortgage market place – both residential and commercial;
- Professionally recognised qualification or relevant degree ideally CeMAP qualified;
- An up to date understanding of the regulatory impacts and issues effecting the mortgage market
- Emotional maturity and an ability to lead and manage change while delivering on the detail.

Please do not apply for this role unless you meet **ALL OF THE MUST HAVE** criteria. In addition it would be very beneficial to your application if you could demonstrate your skills at influencing without power, an understanding of people and team management and an ability to operate across diverse cultures.
